

August 2017

If it matters you, it matters to us

At Southern Health we listen to you and your carer's ideas so we can make our service better. It is important for us to hear what you have to say so we can become the best service for people with learning disabilities. Please see below what other people have said about our service and what our service is doing to become better.

You said

We did

1. **You said** that you really enjoy swimming and you would like to be able to do it more often.

We talked with your key worker and your occupational therapist and they are going to plan this into your activities.
