If it matters you, it matters to us

At Southern Health we listen to you and your carer's ideas so we can make our service better. It is important for us to hear what you have to say so we can become the best service for people with learning disabilities. Please see below what other people have said about our service and what our service is doing to become better.

You said

We did

1. **You said** that you had heard from another carer of a really good meeting about death and mortality that we had held for carers. You said that you wanted to know about it

We wrote back to you with all the information and you were really grateful and you said that you will also send us some leaflets that you have on mortality.
